

# New Invoice Available

Last Modified on 03/13/2019 10:29 am CDT

## March 13th, 2018

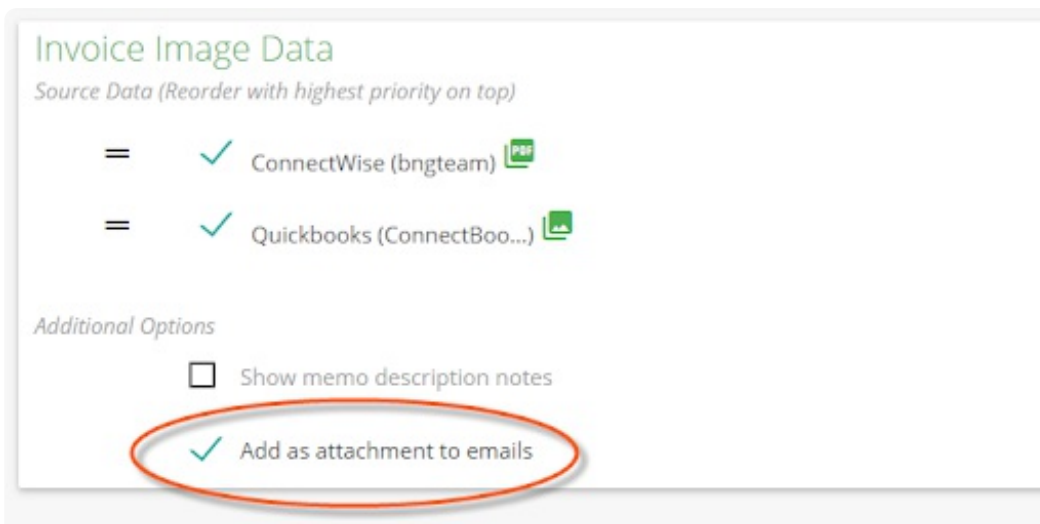

We are happy to announce a new feature within your ConnectBooster portal.

You now have the ability to turn on **individual** invoice notifications! This is a great way to inform your customers that a new invoice is available and ready for payment! This can be used in conjunction of current notices your CRM may be sending out, or a replacement all together!

- ✓ Send on new invoice creation
- ✓ Send individual invoice notifications in place of Account Summary
- ⓘ Account Summary will continue to send on the selected schedule.

In addition to this much asked feature, you may also choose to add the actual copy of the invoice as an attachment to these client notices from the portal!

Meaning, the client doesn't need to login in order to view/print their exact same invoice in detail!

\*note turning this on also adds this capability to the "Past Due" notifications

Default template:

### Notification:

Header

The attached invoice is now available in your online portal. Please review the invoice and remit payment at your earliest convenience.

Invoice:	Inv123
Date Due:	8/20/2018
Amount Due:	<b>\$100.00</b>

Footer

Please contact us if you have any questions.

Thank you for your business!

### Extra release notes:

Removal of "Created By" email from default payment receipts as it was causing some confusion.

Thank you for your payment! Details of this payment are below.
