ConnectBooster Release 3/20/2023

March 20th, 2023

The following is a comprehensive list of all updates released on the date above.

New

- Created a new "Status Page" where Partners and Organizations can see the current status of the component parts of ConnectBooster.
- Made some additional UX/UI improvements to the portal.

Fixed

- Resolved a bug where the Payrix gateway integration would display an overlarge icon on the integrations page.
- Resolved a bug where the locked invoice notice failed to trigger.
- Resolved a bug where the currency setting could not be changed to NZD for New Zealand accounts.
- Resolved an issue where payment methods would disappear in Australia and New Zealand accounts.
- Resolved an issue where some users had issues logging into their portals.
- Resolved an issue where some users reported that the invoice image would not load in the portal.
- Resolved an issue where an incorrect filepath was causing sync issues in QuickBooks Desktop.
- Resolved an issue where child companies could not be split off from their parent company into a new entity

Deprecations

- None
