ConnectBooster Release 10/31/2023

October 31st 2023

The following is a comprehensive list of all updates released on the date above.

New

- New technical contact feature where Partners can specify a specific technical contact person for ConnectBooster.
- Updated an error message to include the Partner name instead of the ConnectBooster Support phone number.
- New feature to support a PDF document format for ConnectBooster generated invoices.
- New feature to provide Partners greater granular control over Customer Portal visibility settings.

Fixed

- Resolved an issue where payment methods could not be added in some gateways.
- Resolved an issue where the Company Reconciliation Report displayed an unexpected error.
- Resolved an issue where company level email tracking was inaccurate.
- Resolved an issue where a long description in ConnectBooster generated invoices for QuickBooks Desktop did not text wrap correctly.
- Resolved an issue where account summaries at the contact level did not send correctly.

Deprecations

- None
